## DuPont Community CU Launches Web-based College Planning Service

For Release: October 8, 2007

WAYNESBORO, VA: DuPont Community Credit Union (DCCU) has teamed with Collegiate Funding Solutions (CFS) to offer its members the leading web-based college planning service.

CFS is helping credit unions bridge the baby-boomers with the "Gens X and Y" market - thereby helping to create the next generation of credit union members. Most parents, regardless of income, inefficiently prepare and pay for college, thus overpaying and needlessly diverting thousands of dollars from their retirement savings. The lack of knowledge about college planning compounds the retirement problem.

"The Credit Union is happy to offer this valuable service for our members," said Gerald B. Hershey, DCCU's President & CEO. "This is part of our commitment to excellence and outstanding member service."

"We are excited to have DuPont Community Credit Union as a strategic partner offering our market leading college planning service," said Roger Lorelle, President of Collegiate Funding Solutions. "This will help its members create effective strategies to help reduce the costs of college."

Collegiate Funding Solutions is a leading provider of integrated, web-based college planning technology solutions for financial institutions, financial planning advisors and college planning organizations.
