Woodbridge, VA— Fort Belvoir Federal Credit Union and Collegiate Funding Solutions announced today the launch of a new powerful web-based college planning tool available at http://www.ftbfcu.org/asp/products/product_2_2.asp.

Fort Belvoir recognizes that most families with college-bound children are concerned about preparing and paying for college - whether their income is \$50,000 or \$500,000/year. Through a strategic partnership with Collegiate Funding Solutions, Fort Belvoir Federal Credit Union members can now access a comprehensive web-based college planning service that provides customized and actionable college planning and funding solutions to members that can help them reduce their college costs and directs them back into the credit union for appropriate back-end products and services. Patricia S. Kimmel, President/CEO for Fort Belvoir Federal Credit Union said, "We're excited about this partnership with Collegiate Funding Solutions, that provides our members with a 'best-in-class' college planning solution that is unique and easy to use and provides the context for relevant credit union products; such as loans, investments and insurance.

“Fort Belvoir Federal Credit Union is a logical partner for us,” said Roger Lorelle, President of Collegiate Funding Solutions. “They understand the importance of continually delivering unique and value added services to their members and they understand the challenges that many members have with paying for college without going broke in the process.”

About Fort Belvoir Federal Credit Union
